INSTRUCTIONS TO PROPOSERS FOR THE BEAUMONT INDEPENDENT SCHOOL DISTRICT FEHL ELEMENTARY SCHOOL

1. INTERPRETATION OF THE CONSTRUCTION DOCUMENTS:

- A. The Construction Documents for this project have been prepared for use by Envirotech/Parkmay in securing proposals from material suppliers, as well as Envirotech/Parkmay own use in preparing a bid proposal to B. I. S.D., for the work. They are also to be used for construction purposes.
- B. If any person contemplating a proposal for this contract is in doubt as to the true meaning of any part of the Construction Documents, may contact Arnon Ponchai (409) 212-8000 arnon@envirotechservices.net or Roger Banks (409) 212-8000 roger@envirotechservices.net
- C. Should any Contractor find discrepancies in the Construction Documents or should he be in doubt as to their exact meaning, they must notify the Envirotech/Parkmay. The Architect may then, at his option, issue Addenda clarifying same. Envirotech/Parkmay and the HKA Architects will not be responsible for oral instructions or for misinterpretations of the Construction Documents.
- D. The Architect reserves the right to issue Addenda at any time prior to bid opening. All reasonable efforts will be made to issue any Addenda as early as possible. All such Addenda become, upon issuance, an inseparable part of the construction documents. Each Contractor shall cover such Addenda in their bid and acknowledge receipt of same.
- E. Each Contractor shall be held to have studied the Construction Documents, to have visited the site, to have satisfied themselves regarding all existing conditions and measurements, and to have included in their Bid an amount sufficient to cover all work.
- F. In the event a conflict should occur between Contract Documents, which would alter the contract amount, it will be assumed that the most expensive method, material, or process had been included in the contractor's proposal.

Envirotech/Parkmay reserves the right to reject any or all proposals or any part thereof or to accept any proposal or part, which is considered advantageous to Envirotech/Parkmay or B.I.S.D.
