

# Beaumont ISD Employee/Workplace Process Map for COVID-19

Emergency Paid Sick Leave = EPSL  
 Department of Health = DHS  
 Primary Care Physician = PCP

\*In general, close contact is defined as: (a) being directly exposed to infectious secretions (e.g., being coughed); or (b) being within 6 feet for a cumulative duration of 15 minutes. Either (a) or (b) defines close contact if it occurred during the infectious period of the case, defined as two days prior to symptom onset to 10 days after symptom onset. In the case of asymptomatic individuals who are lab-confirmed with Covid-19, the infectious period is defined as two days prior to the confirming lab test and continuing for 10 days following the confirming lab test.

The COVID-Facilitator for BISD is Kiani Lewis, Benefits Specialist, and makes all decisions in conjunction with Beaumont Health Dept.
